

LOKKLATCH® PLUS

Key-Lockable, Medium-Security Privacy Gate Latch

The new LokkLatch® PLUS is a lockable privacy gate latch featuring contemporary design and medium-security cylinders with distinctive green keys.

The two housings of the latch are connected by a revolutionary ball-and-joint rod to allow quick and easy installation.

The latch is ideal for residential or light commercial applications on most square-posted metal and wood gates.

Key-lockable 'External Access Button'

Revolutionary fitting jig for fast installation

- Easy installation: drill one hole through post
- Fits posts 25-150mm deep (includes 125mm and 150mm connector rods)
- Key lockable: keyed-alike or keyed-different options (over 200 key combinations)
- Vertical and horizontal adjustment for reliable latching
- Made from industrial-strength polymer (no rusting, binding or staining)
- 316 marine-grade stainless components
- Reversible mounting for right- or left-handed installation
