- 60mm, 70mm Backset available
- Same great E-LOK App
- E-LOK Gateway Compatible
- Mechanical Privacy Switch
- Auto-lock or Passage mode
- Suits both Wooden and Aluminium Doors

Great news for your door.

Leave your keys at home with the new E-LOK 805 Smart Lock. Powered by the same E-LOK App used with E-LOK 7-Series.

New for E-LOK 805 is the addition of a privacy lock. Privacy lock prevents certain set pincodes and RFID cards from unlocking your door.

Easy retrofitting with adjustable top fixing-screw design. E-LOK 805 seamlessly covers the holes of common existing door locks.

E-LOK App allows for wide range of controls. Programme 805 on Auto-lock or passage mode. Add and delete range of custom pincodes right from your phone and view access records including failed unlock attempts.
Four easy unlock methods
