

Malta[®] Velocity Door Furniture

MALTA[™]

Application

- The Malta Velocity is a stylish range of internal door furniture suitable for use in residential dwellings. Designed to suit the common door preparations in the New Zealand market, Malta Velocity is ideal for both new, and some retrofit applications.
- The Malta Velocity range includes passage sets for connecting doors, privacy sets for bathroom and toilet doors and fixed dummy half sets for use on cupboard and wardrobe doors. The range is an ideal finishing touch for projects fitted with Malta furniture on aluminium windows and doors.

Features and Benefits

- All fixings are concealed beneath removable rose trims providing the crisp, clean aesthetic presentation required by the discerning home owner.
- Unique simple twist and tighten fixing method and pre-assembled componentry allows for super easy and super fast installation.

Latches

Passage and privacy sets are supplied with a 60mm backset tubelatch. Privacy latches include an activating pin for the inside of the door and an external emergency release function. The latch automatically releases when the internal handle is operated.

All latches are supplied with industry standard “D” strikes.

Rose Dimensions

63mm diameter by 12.5mm

Door Thickness

Hinged doors 32mm to 45mm

Ordering Procedure

Part Number	Description
82950SP	Malta Velocity Passage Set
82951SP	Malta Velocity Privacy Set
82952SP	Malta Velocity Dummy Half Set

Save time and effort with Malta Velocity

SUPER FAST installation means Malta Velocity can be mounted to a door, up to three times faster than traditional door furniture. Sets are supplied pre-assembled, which means fiddling with loose screws and spindles are a thing of the past. Screws align through the rose, removing the need to locate them blindly through the door.

A simple twist, quick tighten of screws and the levers are installed! Increase your efficiency – use Malta Velocity on your next project.
