

Midibolt

INTERLOCK

ASSA ABLOY

ASSA ABLOY, the global leader
in door opening solutions.

The Midibolt is a secure deadlocking bolt for awning, casement, sliding, double hung windows and some door applications. Suitable for use on timber, aluminium or uPVC applications, the Midibolt is ideal for larger windows that require extra security.

Features

- 9.5mm heavy gauge bolt providing good security
- Reversible bolt allows cylinder to be located on the left or the right of the lock body to suit the application
- Concealed fixing for security and style
- Can be keyed alike to other ASSA ABLOY CYL4™ locks for one key convenience
- Supplied with two ferrules to enable safe venting with the Midibolt remaining in a bolted position
- New Zealand made

Options

- Available in a range of colours to complement any window design and finish
